

Home Learning Parental Feedback

Please find below some examples of emails received from parents and carers who have taken the time to say 'thank you' for the support that we have been offering their children during this unprecedented time.

“Thank you to all the staff, you are doing a fantastic job and as a parent I am grateful for the support and lessons given to the children”

“Really impressed how you have handled the current situation. The weekly phone calls from staff has been a great way to stay in contact and the newsletter is also helpful. Equally impressed with the teaching staff and the variation in the lesson content.” Well done all :-)

“Thank you for the phone calls.”

“Thanks for setting work for Year 11s and 13s. Most schools don't do that and my children are still learning and have a focus to their day.”

Teaching videos are excellent.

The knowledge organiser has been really helpful we use that every day.

Thank you for all your hard work and efforts in supporting all the students.

“Quantity and interest level/engagement varies widely from subject to subject. Some staff are being really creative with lesson planning and that is proving really successful.”

“We are very grateful for all the work being put into the virtual school and appreciate it.” Thank you

“The school is doing a fantastic job, I have 3 children at 3 different schools and I would say this school coping the best by setting regular work and been available/contactable to me and my child. The only issue I have is juggling 3 different school strategies and trying keep up with all the changes.”

“The school is doing a very good job with my daughter, I could not ask for more.”

“Hope everyone is well and you all doing a fantastic job as its very different for pupils and staff to be working in this way but I feel if I had any concerns with anything I could always ask.”

“My son is missing school and keeps asking when he will go back.”

“My child is happy working from home and at the same time is looking forward to going back to school, whenever this may be. As a parent, I fully support the school in whatever they decide about the start date for classes, regardless if it is September or earlier. I think that the school are doing a really good job with the home

learning. After speaking to friends who have teens at other schools in comparison Open are brilliant. Sometimes it difficult and overwhelming for all of us at home but I do feel that the teachers mostly understand this. I also really appreciate the contact from heads/assistant heads of year each week.” Overall a great job. Thank you!
