

Provider Access Statement

Careers Guidance and Access for Education and Training Providers

At Open Academy, we are committed to providing independent and impartial careers advice for all students as part of a strategically planned curriculum and enrichment provision. This includes information and education about the full range of learning and training pathways on offer to students in East Anglia and beyond, encompassing educational routes such as technical education, further education, higher education, apprenticeships and other forms of work based learning

As part of this we are happy to consider requests from training, apprenticeship and vocational education providers to speak with students. This can include school assemblies, careers fairs, employer and provider engagement events or opportunities to engage with students in lessons.

In the first instance, requests should be sent to the Academy's Careers Lead/Facilitator, Caroline Davies caroline.davies@open-academy.org.uk with a minimum of 6 weeks' lead time.

All requests will be considered on the basis of staffing availability to support the activity, clashes with other planned events, trips or visits to the Academy, interruption to preparation for examinations and space availability to host the activity.
